Note: what counts as “dormant”?

A registered company or partnership that has not started operating for the entire fiscal year — no income, no purchases or sales, no tax invoices or receipts issued, no employees, and no VAT movements (only minor non-trading items such as bank fees or interest received). If there is any trading activity, the engagement becomes “Annual closing + filing” instead, quoted on actual document volume and always confirmed before we start.

Frequently Asked Questions

Not sure how many documents you have per month?

Send us one sample month — we'll assess it free, no obligation. Start on a lower tier and move up anytime.

Already with another accounting firm — can you take over mid-year?

Yes. We coordinate the handover of documents, trial balances and data from your current firm — you barely lift a finger.

Is this the final price?

These are standard starting prices. Your quotation always confirms the final price before we begin — no hidden charges along the way.

Pricing Terms
